WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Khabarovsk Ordnance Depot Krasnaya Rechka 154 is located on the southern edge of Khabarovsk (Figure 1).

The installation is double secured with a firebreak between the fences and covers approximately 480 acres. It contains 2 probable administration buildings, 1 probable barracks/administration building, 2 probable barracks, 2 barracks, 2 quarters, 50 storage buildings, 6 maintenance buildings, 11 vehicle/equipment sheds, 2 power/heat plants, 1 unidentified building under construction, 3 tents, a water tower, 31 support buildings, and a possible test facility (Figures 2 and 3).

A driver-training course and a small, double-secured storage area are located immediately west and are possibly associated with the ordnance depot.

The installation is covered on [REDACTED]

TALENT photography and [REDACTED] KEYHOLE missions between [REDACTED]

One maintenance building, 11 storage buildings, a quarters building, 5 support buildings, and a large equipment park on the western side of the installation were constructed between [REDACTED]

[REDACTED] Eight storage buildings and a separately secured storage area in the southern part of the installation were removed during the same period. Although this former storage area has a firebreak, it appears that the security no longer exists. Equipment observed on [REDACTED] photography includes 4 probable SS-4 erectors, a mobile service platform, at least 70 probable SA-2 launchers, 57 prime movers, approximately 95 probable SAM transporters, 49 van trucks, 8 cargo trucks, 72 probable FA pieces, and at least 550 other vehicles/pieces of equipment.

DESCRIPTION OF INSTALLATION

Railroad Service

The depot is served by a spur which splits into 4 sidings within the secured area.

Road Service

Urban streets serve the installation.

Administration and Troop Housing Areas

Area D1 contains 1 T-shaped probable administration building and 2 barracks.

Area D2 contains 1 U-shaped probable barracks/administration building.

Area D3 contains 1 L-shaped probable barracks, 1 probable barracks, 2 quarters, and 1 support building.

General Storage Area

Area E contains 47 storage buildings, 2 power/heat plants, 1 probable administration building, 1 unidentified building under construction, 1 water tower, 15 support buildings, and 3 security support buildings located between the fences.

A small, double-secured storage area (not shown on sketch) immediately west of the depot contains 3 storage buildings and 5 support buildings.

POL Storage Areas

Twenty medium POL tanks are located at 48-35N 135-02E and 24 medium POL tanks are located at 48-29N 135-02E.

Other Buildings

Area H1 contains 3 tents.

Area H2 is a possible test facility consisting of a concrete oval with a concrete strip down the center and an unidentified structure at one end.

Equipment Storage/Maintenance Areas

Area J1 contains 1 T-shaped maintenance building (155 by 50 feet with a 200- by 85-foot leg), 1 H-shaped maintenance building (150 by 50 feet with two 75- by 25-foot legs), 5 vehicle/equipment sheds (165 by 35 feet, 225 by 45 feet, 250 by 50 feet, 125 by 45 feet, and 180 by 45 feet with a 60- by 45-foot leg under construction), and 4 support buildings.

Area J2 contains 4 vehicle/equipment sheds (two 180 by 50 feet, one 150 by 45 feet, and one 90 by 50 feet).

Area J3 contains 1 maintenance building (250 by 70 feet).

Area J4 contains 3 maintenance buildings (330 by 115 feet, 330 by 90 feet, and 215 by 75 feet), and 1 support building.

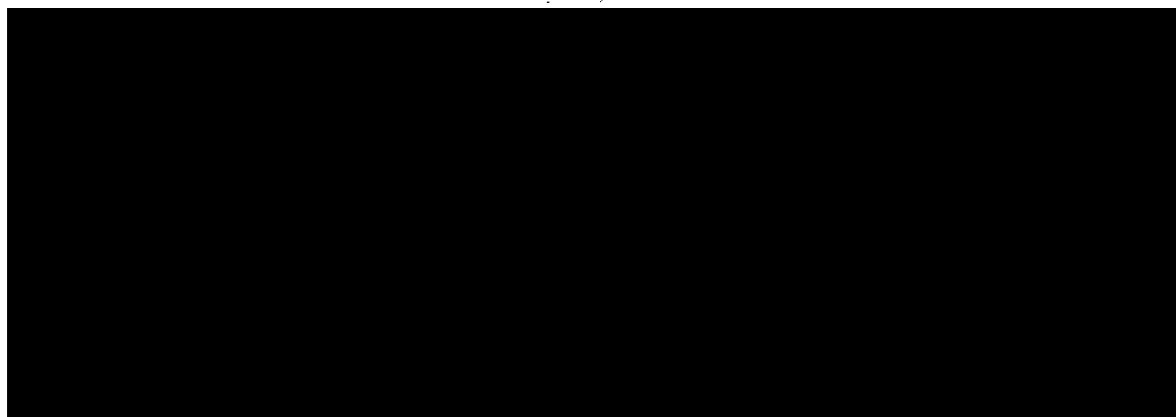

Area J5 contains 2 vehicle/equipment sheds (350 by 45 feet) and 2 support buildings.

Driver-Training Area

A closed-circuit driver-training course and 2 figure-8 courses are located immediately west of the depot. These courses were added between
